1.6 Adjust our approach to the development of educational offerings so that there is a greater focus on the whole program.

Program Architecture 2 (PA2)

PA2 is a program architecture framework that provides a common language for describing and designing educational offerings. It is a key component of the University's strategic plan for 2021-2025. PA2 is designed to ensure that all educational offerings are aligned with the University's strategic goals and are of high quality. It provides a framework for designing and delivering educational offerings that are student-centred, flexible, and innovative. PA2 is a key component of the University's strategic plan for 2021-2025.
